Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William Gosz on Monday September 27, 2004.

The application has been amended as follows:

On page 1 of the specification, between the title and the heading "Background of the invention," the following sentence has been inserted:

- -This application is a continuation of US patent application 08/844,734, filed April 21, 1997, now U.S. patent 5,925,211. - -

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The closest prior art is McClain (US 1,299,747). McClain teaches a wood laminate comprising two sheets of wood bond together by an impregnated sheet of paper (lines 64-74). One sheet of wood is analogous to the claimed substrate and the other sheet is analogous to the claimed veneer. A second impregnated sheet of paper may be applied to the surface of said sheets as a surfacing sheet (page 2, lines 115+). The claims are allowable over McClain because McClain does not teach that the impregnated paper sheet should comprise the claimed melamine-impregnated alpha cellulose sheet. Furthermore, the prior art as a whole does not teach or render obvious

the use of melamine impregnated alpha cellulose sheet as the bonding sheet and surfacing sheet of the laminate taught in McClain. Thus, claims 17, 19-25, 37-50, and 55 are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
